

# System Issue and Task Log ver 9 1nov2020

From <F3> or other Menu Select System Issue Log.

The Option Log Review displays a grid of current Activities  
And allow a detailed list of subtask to be reviewed  
And with each the WP mode will allow supporting text and screen prints to be included  
As well as current status of the tasks.

A screenshot of a software application window titled 'Issue Log'. The window has a 'Standard' tab selected. The main area is a grid table with the following columns: 'L...', 'Issue Description', 'Logged By', 'P.', 'S.', and 'Status'. The data in the grid is as follows:

L...	Issue Description	Logged By	P.	S.	Status
1	implement Improve Telbix plan	gregh	0	0	Entered
2	install fixed assets and pronto payroll	gregh	0	20	Entered
3	review product return procedures	gregh	0	0	Entered
4	and implement customer returns, product returns su	gregh	0	20	Entered
5	convert and load MYOB hr records	gregh	0	0	Entered
6	test time clock processing	gregh	0	0	Entered
7	train frank on hr and timesheet review	gregh	0	0	Entered
8	check the truform statements emailed ok	gregh	0	0	Entered
9	check the zinvoice pick/pack error fixed	gregh	0	0	Entered
10	test revised tablet rf and barcode functions	gregh	0	0	Entered
11	more details	gregh	0	20	Entered
20	Franks long todo list	frank	5	0	Entered
21	Add more Details to Timesheet log and add to inv	gregh	9	0	Entered

At the bottom of the window, there is a row of buttons: 'Find', 'Maint', 'Entry', 'Remove', 'Correct', and 'Tasks'. The 'Tasks' button is highlighted in blue.

The Tasks mode key calls up the tasks expected and their status
