

Advanced Warehouse Management

A9rfwhse ver 111 17oct20

The rfwhse program provides an alternate interface to the standard advanced warehouse functions and adds extra productivity options.

This menu applies to both location tracked warehouse types 2 and 3.

The screenshot displays a menu interface for the A9rfwhse program. At the top, the date 'Thursday' and the user 'gregh' are shown. The menu consists of a vertical list of options, each in a light blue box with a black border. The options are: Order Review, Location Enquiry, Today Whse Pick Analysis (highlighted in dark blue), Adv Order Processing, Dtl Advanced Order GregVer, Barcode Processing, Fast Despatch / Freight, Despatch / Freight System, EDI Processing, Inwards Putaway Menu, Stock Control, RF Menu, Miscellaneous Menu, Print Labels Menu, Warehouse Stats, Advanced Whse Menu, and Whse Printer Select.
